

We introduce...

HESC@DAWN and HESC@DUSK

Take a break from the Big Five chase and come and enjoy a unique game drive around the Hoedspruit Endangered Species Centre. Experience the biodiversity of this area with one of our knowledgeable guides, on a drive focused not only on species but also the variety of strategies that wildlife employs to survive and flourish.

Book either the **HESC@DAWN** or **HESC@DUSK** tour and use the opportunity to slow down, take a breath and truly connect with nature as you explore the smaller things that Mother Earth has to offer.

Guests will have the opportunity to **get off the vehicle** and interact with nature, as well as enjoy a **Coffee Break or Sundowner** with **light snacks** whilst reflecting on all the intriguing things seen and learnt on this unique drive. From **birds, to trees, to plants and insects** learn how these often forgotten things inevitably work hand in hand to sustain our environment.

You will walk away with a new understanding of the diversity of life. Don't miss it, book now!

'Look deep into nature, and then you will understand everything better'
– Albert Einstein
