

RESCUED RHINOS @ HESC

Why not take on the challenge of a lifetime?

Experience the thrill of skydiving from over 10,000 feet by taking part in the **Jump for Rhinos** campaign.

In an effort to raise awareness and funds for the Rescued Rhinos @ HESC, Adventure Skydives has partnered with the Wildlife Conservation Trust by offering you the opportunity to experience this thrilling, high-energy experience of a lifetime, while raising awareness and funds for the **orphaned and rehabilitated rhinos** being cared for at **The Hoedspruit Endangered Species Centre**.

The cost of the Jump for Rhinos is R2 600 per person per jump. **R500 from each jump will be donated to the Rescued Rhinos @ HESC.**
