**Date: 09/02/2016**

**To: Hoedspruit Endangered Species Centre**

We would just like to give our sincerest thanks for allowing us to work with your animals and for allowing us the use of your facilities. It was such a privilege to be able to work with your cheetah and we sincerely appreciate everyone's help and enthusiasm towards the project. The facilities are incredibly well-maintained and we were so impressed with the exceptional condition of all the animals – it was such an honour to be able to complete our research there.

We will keep everyone updated as to the progress of the publication we hope to get out of this research and will acknowledge the invaluable contribution that HESC has made to this research. We hope to be able to do some more research in future with the centre.

Please feel free to contact me anytime should you have any questions regarding the research and/or data we collected.

Kind regards,

A handwritten signature in cursive script that reads "L. Laubscher". The signature is written in black ink on a light-colored background.
